

Towards the Future

Building on our success

MCCG is continuing and building on its work:

- 5 years of restoration works funded by the Hunter Central Rivers Catchment Management Authority.
- The existing contract regeneration, volunteer worker and community nursery program is continuing to operate.
- Monitoring and Evaluation – Project funded by the Hunter Central Rivers Catchment Management Authority.

Environmental Education project plans

MCCG is currently seeking funds to develop educational materials and run a series of information evenings and field visits covering local coast, marine and estuary topics such as shore-birds, sea grasses, rock platform communities.

New Programs

MCCG will be developing new in response to identified needs.
